New this year on Saturday AFTERNOON will be a "scientific tour". Yes, that's what we said. But you don't have to be a scientist to enjoy this rare opportunity for a private tour of the **National High Magnetic Field Laboratory**, or "**MagLab**" at Florida State University.

The only facility of its kind in the U.S., it is the **largest and highest-powered magnet laboratory in the world**. Every year, more than a 1,000 scientists from dozens of countries come to use its unique magnets.

Don't worry! It will be seriously interesting !! GOOGLE it!
And there will be a Quiz at the Saturday evening party with prizes. ☺

Please see the activities timeline below with details for the Saturday afternoon MagLab tour, ATH Dinner Saturday night and Sunday Brunch.
